

could be used to great advantage. All the public wish, and all we wish, is that these grounds, which are public grounds, shall improve from year to year. It is no use to talk to us about the report of the Finance Committee. Here we are acting on this today and the report of that committee may not be in for a month. Therefore, I move that this item be amended to read \$16,000, with the confidence that before the bill is read again we shall have fuller information.

The item passed as in the bill. On motion of Rep. Kaku, the committee rose, reported progress, and asked leave to resume at half-past 1 o'clock this afternoon.

The Assembly having resumed, the report of the committee of the whole was, on motion of Rep. Aholo, adopted, and the house adjourned till half-past 1.

#### HAWAIIAN HOTEL.

##### COMBINATION CONCERT.

The front of the Hawaiian Hotel presented a magnificent appearance last night, the occasion of the combination concert by the Royal Hawaiian Band and the Band of H. B. M. S. Triumph. From summit to basement the stately building was strewn with lanterns of every conceivable shade of color. Light was not needed, because the moon supplied it, but the beauty of variegated color was exceedingly grateful. The balconies, parlors, and billiard hall teemed with human life. The grounds from the gate to the building, were a mass of humanity. From the Sovereign of the kingdom down to the lowest grade, every class and phase of society was represented, and all seemed in a condition of enjoyment and satisfaction. Rear-Admiral Sir Michael Seymour and officers of the Triumph were in the concourse. The two bands were stationed in the rotunda at the right front of the Hotel. The first two pieces were played by our Band, and no greater compliment can be paid it than to say that it never played better. The next two numbers were allotted to the Triumph's Band, which played exquisitely, and to the intense delight of the listeners. In the second part of the programme the two bands combined and played together, producing a wonderful volume of lovely sound that made life feel desirable. Such was the interest and delight of the crowd that it frequently applauded enthusiastically, and remained without any perceptible diminution to the end, a little past ten o'clock.

#### A RICH TREAT.

Rarely is a Honolulu audience treated to so fine a literary entertainment as that given at the Y. M. C. A. hall last evening by Professor Parker, of Toronto. The audience was creditably full, especially when the grand outdoor concert of the Royal Hawaiian Band and the Band of H. B. M. S. Triumph was in progress on the Hotel grounds, within hearing distance. The programme consisted of: "Lancelot" (a tale of the palatines); "My first and last appearance on the stage;" "Trial Scene" (from Merchant of Venice); "Lord Dundreary receives a letter;" "The Revenge;" "The Clarity Dinner;" "The Fall of the Pemberton Mill;" "How Rubenstein played the Piano." Every number was given in an effective manner. The professor is master of the art of mimicry. His changes from character to character are instantaneous, and so complete that the audience almost discredited their eyesight in realizing that the performer is always the same person. The programme was well arranged, comprising a fine variety of comedy, tragedy and humor. While all the parts were admirably rendered, the "Merchant of Venice" was a masterpiece of elocution; Lord Dundreary reading his letter kept the audience convulsed with merriment;

the "Fall of the Pemberton Mill" was given with such terrible vividness as to make the audience sensible of being in full view of the awful tragedy. The closing piece fairly carried away the house. "How Rubenstein played the Piano," apart from the elocutionary representation, is a masterpiece of literary craft. It was given with consummate skill, and would alone have more than answered the most sanguine anticipations of a splendid entertainment. Another opportunity will be afforded to hear Professor Parker, on Friday evening, at the same place, and there is no doubt he will be greeted with a bumper house.

A Meeting of Hawaiian Lodge, No. 21, F. & A. M., will be held THIS (Wednesday) EVENING, at 7:30 o'clock. First Degree. Visiting Brethren cordially invited. A full attendance is requested, as the work will be under the direction of the Deputy Grand Lecturer, (26) W. M. JOHNSON, Sec'y.

#### We should Blot Out Disease in Its Early Stages.

The disease commences with a slight derangement of the stomach, but, if neglected, it in time involves the whole frame, embracing the kidneys, liver, pancreas, and in fact the entire glandular system; and the afflicted drags out a miserable existence until death gives relief from suffering. The disease is often mistaken for other complaints; but if the sufferer will ask himself the following questions he will be able to determine whether he himself is one of the afflicted:—Have I distress, pain, or difficulty in breathing after eating? Is there a dull, heavy feeling, attended by drowsiness? Have the eyes become yellow? Does a thick, sticky mucus gather about the gums and teeth in the mornings, accompanied by a disagreeable taste? Is the tongue coated? Is there pain in the sides or back? Is there a fullness about the right side as if the liver were enlarged? Is there vertigo or dizziness when rising suddenly from an horizontal position? Are the secretions from the kidneys highly colored, with deposit or sand? Does food ferment soon after eating, accompanied by flatulence or belching of gas from the stomach? Is there frequent palpitation of the heart? These various symptoms may not be present at one time, but they present the sufferer in turn as the dreadful disease progresses. If the case be one of long standing, there will be a dry, hacking cough, attended after a time by expectoration. In very advanced stages the skin assumes a dirty yellow appearance, and the hands and feet are covered by a cold sticky perspiration. As the liver and kidneys become more and more diseased, rheumatic pains appear, and the general system becomes so unavailing against the later agonizing disorder. The origin of this maldy is indigestion or dyspepsia, and a small quantity of the proper medicine will remove the disease if taken in its incipient stage. It is a disease that is easily eradicated, and the digestive organs restored to a healthy condition. The surest and most effectual remedy for this distressing complaint is "Seigel's Curative Syrup," a vegetable preparation sold by all chemists and medicine vendors throughout the world, and by the proprietors, A. J. White, Limited, London, E. C. This Syrup strikes at the very foundation of the disease, and drives it, root and branch, out of the system. Ask your chemist for Seigel's Curative Syrup.

"East-street Mills, Cambridge-Heath, London, E. C. G. July 24th, 1882.

"Sir, I give you my testimony to be able to add my testimony in favour of your valuable Syrup as a curative agent. I had suffered for some length of time from a severe form of indigestion, and the long train of distressing symptoms following, that I have tried all the possible means to get relief, by seeking the best medical advice. I had swallowed sufficient of their stuff to float a man-of-war, so to speak, but all to no avail. A friend of mine, coming on the scene in the midst of my sufferings, brought with him a bottle of your Seigel Syrup. He advised me to try it, stating he felt confident it would benefit me. Being weary of trying so many drugs, I commenced before trial, thinking it could not possibly do me any good, but am ultimately determined to take the Syrup. After doing so for a short time it worked such a change in me that I continued taking it for nearly two months, and I then felt thoroughly cured, and I have discontinued it, and for five weeks, and feel in the best of health, and can partake any kind of food with ease and comfort. I am therefore thankful to you that, through the instrumentality of your valuable medicine, I am restored to the state of health I now enjoy.—Yours truly,

W. S. FOSTER.

"To Mr. A. J. White." "Those who are in the 'Asthma Furace' should lose no time in obtaining relief by the use of 'The Rosinwood Tur Mixture,' but do not use the medicine unless you will follow all the directions 'to the letter.'"

Poor Asthma sufferers, who are strangers to 'The Rosinwood Tur Mixture,' should lose no time in obtaining relief by the use of 'The Rosinwood Tur Mixture.' Quiet refreshing sleep will follow its use.

"Waterloo House, London Sile, Chiswick, February 17th, 1882.

"Messrs. White and Co., London. 'Gentlemen,—It is with great pleasure that I add my testimony to the wonderful effects of Seigel's Syrup. For years I had been suffering from bilious attacks, which began with giddiness; then a mist would come before my eyes, so that I should not be able to recognise any one or anything at the distance of a yard or two from my face. This would be followed by excessive trembling of my knees, so that I could not stand without support; after which a severe headache would occur, lasting often two or three days. I have tried various remedies for these distressing symptoms, but until I tried Seigel's Syrup I had no relief. Since then I have had excellent health in every respect, and I never feel a headache coming on. I take one dose of the Syrup, which arrests it. Hoping that this testimonial may be the means of inducing others (who suffer as I used) to try the Syrup, as I feel sure they will receive speedy benefit and ultimately be cured, I beg to remain, yours faithfully,

"A. H. HORTON.

Seigel's Operating Pills prevent ill effects from excess in eating or drinking. A good dose at bed-time renders a person fit for business in the morning. If you have Asthma use 'The Rosinwood Tur Mixture.'

DIRECTIONS FOR MAKING POI.—Take the desired amount of flour and mix very thin with cold water, being sure there are no lumps. Confine this in a bag or cloth and place in a kettle of boiling water, and let it continue to boil 14 to 25 hours, according to quantity used, care being taken to place a piece of perforated tin at the bottom of the kettle so as to prevent the cloth from burning. When done (while warm) stir with a stout spoon, adding a little water until the whole is well mixed. Let this stand from five to six hours. Then add water in small quantities, mixing thoroughly and kneading until the desired consistency is obtained. Owing to its purity it takes from three to four days to become acid or sour. [33 3m]
